PROFILE

A problem solver that excels at identifying pain points and crafting creative solutions. Looking for a position that provides challenging opportunities and the ability to learn new skills.

EXPERIENCE

UX DESIGN LEAD

Fiserv, Inc. | 2014 - Present

UX Lead for a team of 20+ engineers, business analysts, and UX designers on a suite of products for this Fortune 500 company. Responsibilities include UI/UX design, documentation, front-end development (HTML/Javascript/CSS), and supporting/defining company-wide UI initiatives.

CREATIVE DIRECTOR

BusenTech, LLC | 2008 - 2014

Instrumental in launching this mobile development startup. Responsible for the creative direction and UI/UX of all projects.

Management: Managed creative assets for all projects. Defined vision for client projects, and worked with external agencies to assure quality. Responsible for building time estimates for quoting creative assets for projects.

Creative and Design: Involved in all aspects of product design. Specializing in the user experience from wireframes to final graphic design. Directly involved with client communication, including presentation of creative concepts and post-mortem analysis.

Notable Clients: Ford Motors, Boch, Nestle, Callaway, Team Detroit, and Hartford Hospital.

FREELANCE DESIGNER/DEVELOPER

1994 - 2014

Worked as designer and full-stack (LAMP) developer on hundreds of digital projects for a variety of clients both local and nationwide

Notable Clients: Fox Broadcasting, Pfizer, Smirnoff, Heineken, Kettle One, Jagermeister, Dos Equis, Crown Royal, and Guinness.
